WATER SAFETY

As the temperatures get warmer and we spend more time in the water -- whether that's boating, swimming, fishing or just sitting by the pool -- here's some things to remember so you can stay safe and healthy while spending time with family, friends, and nature.

WEAR LIFE JACKETS

- Wear a U.S. Coast Guard-approved life jacket when boating or participating in other recreational activities on the water (Ex. paddleboards, kayaks, jet skis, and other motor craft).
- Keep weak and non-swimmers in life jackets when they are in AND around water.

WATCH CHILDREN

- Always supervise children closely. Do not read, talk on the phone, or engage in any other distracting activity while watching children in or around water.
- Designate an adult to watch children in the water and take turns.
- Keep young children and inexperienced swimmers within arm's reach of an adult.

POOL PRECAUTIONS

- Lock or use doorknob covers or an alarm with doors leading to pools and/or backyard.
- Empty smaller pools and take out ladders after use each time.
- Use pool covers when applicable.

NATURAL WATER: RIVERS, LAKES, OCEAN

Teach teenagers and young adults:

- Always enter water feet first.
- Always swim with someone else and in designated areas.
- Don't drink alcohol. Keep drinking and other substances in check and monitor for friends who may have had too much.
- Know the local weather conditions and forecast.
- Reach, Throw, Don't Go....Call for help!

LOCAL RESOURCES

SWIM AND WATER SAFETY CLASSES

Chapel Hill-Carrboro YMCA:
